

Wanderer

Swift, reliable communications when operating off the beaten path.

Applications

- Communications on the move
- Support field operations and remote workers
- Off-Grid solution with removable batteries and solar panel connectivity
- Pairs well with real-time drone video streaming

Wanderer at a Glance

01 Deploy

Mobile deployable communications solution that is cost-effective, easy to setup, and small enough to carry on any flight.

02 Connect

Connect up to 128 devices and enjoy instant connectivity anywhere with high-speed internet and low latency.

03 Explore

Lightweight, portable solution for users operating in isolated locations or during emergency scenarios.
